Our Supporters

Together, we challenge power and power answers for the people of Illinois.

The Better Government Association is a nonprofit, independent investigative and solutions-focused news organization and public advocate. We work every day for a more transparent, equitable, and accountable government â?? for the benefit of all the people of Illinois.

Without journalism, there can be no accountability.
Without public accountability, action falls short.

Your partnership fuels investigations, policy reform, and community-led action â?? creating lasting impact across our state.

Thank you for standing with us in pursuit of a more transparent and just Illinois.
Because when power is unchecked, democracy is undone. **We are grateful to the following individuals and institutional donors whose philanthropic support of \$250 or more powered our work in 2024.**
